

Join our 2018 Veterans Day fundraiser

Help us hire homeless veterans and raise money for the V.F.W foundation!

At [The Sense of Self Project](#) we **only** hire homeless veterans from local homeless shelters and give them the respect, dignity and opportunity to get back on their feet that comes from gainful employment.

When your V.F.W. Post orders t-shirts from [The Sense of Self Project](#), they will be hand-screend by the hands of one of our nation's homeless heroes. Help us make a difference in the lives of homeless veterans. We believe it's the least we owe our Vets- the sense of pride, security, community and the self-esteem that comes with a job!

Nationwide 40,000+ homeless Veterans live in the U.S.A

We offer a job, not a handout.

With the high number of homeless Veterans, our country is struggling to provide them with the jobs and support they need to avoid homelessness.

The Sense of Self Project creates the demand for these jobs with your support and offers work to those Veterans who need it the most.

It's simple!

Just click on the button below and place an order of t-shirts from us. The more shirts you order, the more homeless Veterans we can hire at a living wage. (\$19 per hour in NYC!) We screen, pack and ship your order by hand. We love what we do!

We have more great news!

To celebrate Veterans Day, The Sense of Self Project will donate 25% of all sales revenue of each order to the V.F.W. Foundation, up to our **\$500,000**.

By ordering your shirts from us, you will not only be positively impacting the life of a homeless Veteran, you can use the shirts as a fundraising tool for your Post AND you can be proud to know that you are supporting the V.F.W Foundation.

Take a look at our donation to the V.F.W. Foundation depending on the number of V.F.W Posts participating in this fundraiser across the U.S.A.
